Dunwich State School is a great school that can only get better in 2014.

The Premiers Reading Challenge.

Reading is the greatest gift that we can give to our students and I am delighted to invite all Dunwich State School students to join in the 2014 Premier’s Reading Challenge. As well as being fun, the challenge aims to boost children’s literacy skills by encouraging students to read widely for pleasure and learning, develop their imagination and cultivate a passion for literature. Every student has received the letter and a form to complete and hand into the school office. I look forward to seeing many participants.

Mad Science Club.

Every Monday afternoon Dr Kathy Townsend is giving of her time to excite our senior students into the world of science. The exciting news is that Dr Kathy has been invited to write in a new Redlands magazine and as part of this agreement the “Dunwich State School Mad Science Club Comic” will feature in every edition. Special thanks to Dr Kathy for her inspiration and for being a valued partner of the school.

“THUMBS UP”.

This is an effective strategy to develop lifelong problem solving skills for our students. Every teacher has a lanyard with Thumbs Up attached so that they can purposefully remind students of these steps on a daily basis. This whole school approach can eradicate bullying in our school. I encourage parents to also use this language at home to consolidate the skills. For the next five weeks I will discuss a step at a time.

This week is STAY COOL – This is about being calm and confident, thinking positive self-esteem statements, counting to five in your head slowly and taking deep breaths. Together we can make a difference.
