Dunwich State School

“Working together to ensure that every day, in every classroom, every student is learning and achieving”

From the Principal’s Pen.....

Dunwich State School is a great school that can only get better in 2014.

The School Opinion Survey.

Parents/Caregivers, school staff and the representative sample of students are encouraged to take part in this year’s School Opinion Survey and share their opinions about what this school does well and how this school can improve.

Access details for the Parent/ Caregiver Survey have been sent home with eldest students of each family. These are not linked to individuals, and you cannot be identified in the survey results that will be reported back to the school, or by the department.

Parents/caregivers are welcome to complete their survey online at the school. School computers will be available until Friday 1st August. To access the computers, sign in at the office and you will be shown to a computer.

The survey will remain open until 3 August 2014.

If you haven’t received any survey access details by the end of this week, please contact Jenny Wilson on telephone 34096333 or email jwils55@eq.edu.au

Fifty-five students achieved 95% attendance or more in semester one. These students received a 95 PLUS CLUB wrist band on parade on Monday. Two students achieved 100% attendance and they received a principals award. Congratulations to Paris Prior-Dallas and Hunter Hammant, and their families, for coming to school every day, all day for the whole semester.

The students will compete at the District Athletics Carnival on August 7th and 8th. Training for the team will be with Mrs Niotakis on Wednesday afternoons.

Our AWESOME Dancers

Lines in the Sand

Thank-you students and teachers for your wonderful posters this year for Lines in the Sand - Hot Island. The standard was exceptional; the messages so well thought out and the artwork so diverse.

We started doing the school poster project way back in 2010, starting with the theme of community garden. Other issues we have discussed over the years include ocean plastics, the fresh water aquifer and we have had many guest speakers visit the school.

Some of the best posters produced over the years are now documented on our new website. Click in to see if your poster is online and leave a comment.
